

2025 Testing Laboratories

Updated 8/21/2025

*Only the listed testing laboratories may test pre-harvest or post-remediation industrial hemp samples collected by a Trained Sampling Agent to determine a lot's compliance with the Virginia Industrial Hemp Law.

| Laboratory | Website | Phone Number |
|---------------------------|--|--------------|
| New Bloom Labs | www.newbloomlabs.com | 844-837-8223 |
| Trichome Analytical | www.trichomeanalytical.com | 856-316-0600 |
| Green Analytics Virginia | www.greenanalyticslabs.com | 540-682-3765 |
| Terramor Technologies LLC | www.terramortechnologies.com | 540-842-3420 |

Please note that this is a list of laboratories that may conduct compliance testing of industrial hemp crops. If you are looking for a lab to test edible hemp products or hemp products intended for smoking, you should contact the lab first to determine if it has the required ISO accreditation.
